

Hello everyone

Wishing you a lovely Tuesday. Today we are going to learn another crucially important lesson from T. Gill. In this grammar lesson, we will learn about the many uses of the auxiliary verb "could" in English. Ms. Gill will teach us how to use it correctly when speaking about the past, the conditional, and even when making polite requests for the future. For example, do we say "Can you tell me" or "Could you tell me"? What about "I could have been" or "I could of been"? She will give us many examples of how it can be used in different contexts. Even native English speakers use "could" incorrectly, so let's watch this video to avoid making common mistakes!

Next, take the quiz: <https://www.englishvid.com/auxiliary-verb-could/>

The video thumbnail shows a woman with white hair and glasses, wearing a red jacket, pointing towards a whiteboard. The whiteboard has handwritten text in blue and red ink. The text on the whiteboard includes: "CAN ①", "②-⑤", "swim underwater", "I'd ...", "I speak ...", "I'd you ...", "Tell someone they are capable of a book:", "* You could write ...", "I had the chance to be in a Hollywood but it didn't happen.", and "* I ...". A green banner at the top left of the video frame contains the text "5 WAYS TO USE 'COULD' IN ENGLISH". In the bottom right corner of the video frame, there is a small circular icon with the letter 'i'.
