

Wishing a lovely Monday for everyone

Our great teacher James is with us again today and he is gonna talk about SUPERLEARNING! Improve your brain's capacity to learn with these tips. Everyone has a different learning style. For example, some people learn more easily by listening, and others prefer seeing or reading. This is why it is so important to find a teaching style that matches your learning style. If you understand your learning style, you will be able to increase your speed and ability to learn. This will avoid study boredom in the long term! In this lesson, He will talk about learning styles and teach you tips and tricks to increase your learning capacity and become a "superlearner"! He will also share with you some study tips to help you make the most of your time. No matter what your level of English is, you can always improve your brain's capacity to learn. If you want to maximize your potential as a student, this lesson is for you! There will be a quiz to complete after watching to help you remember all his useful tips!
